

JBS-100

RAYCHEM

SINGLE-ENTRY POWER CONNECTION WITH JUNCTION BOX

The nVent RAYCHEM JBS-100 kit is designed to connect power to one nVent RAYCHEM BTV, QTVR, XTV, KTV or VPL industrial parallel heating cable. It is approved by FM, CSA, and PTB for use in hazardous locations.

The JBS-100 integrates the functions of both connection kits and insulation entries. The rugged stand protects the heating cable and allows for up to 100 mm (4") of thermal insulation.

The core sealing boot does not require a heat gun or torch for the installation (no hot work permit necessary). The non-curing sealant (silicone free) in the boot allows easy installation and facilitates maintenance.

Spring-type terminals provide fast installation and safe, reliable, maintenance-free operation. This connection kit significantly reduces installation time. The kit is offered in three basic versions, customised for local installation practices. All kits are also available as a lighted version. These include a unique light module with a superbright LED that simply plugs into the terminals, and a lens in the lid. This provides indication that power is available in the box. There is also a connection kit with drain plug available.

DESCRIPTION

JBS-100-A JBS-100-L-A	JBS-100-E JBS-100-L-E JBS-100-D-E	JBS-100-EP JBS-100-L-EP
This kit is for use in North America and has one through-hole for use with 3/4" conduit.	This kit is for use in Europe and provides two M25 threaded entries, one stopping plug, and one plastic power cable gland.	This kit is for use in Europe and provides two M25 threaded entries, an earthing plate, and an external earthing stud. It is designed for use with armoured cables.

KIT CONTENTS

<ul style="list-style-type: none"> 1 junction box with terminals 1 light module (for -L only) 1 stand 1 core sealer 1 green/yellow earthing sleeve 1 polywater sachet 1 cable tie 	<ul style="list-style-type: none"> 1 junction box with terminals 1 light module (for -L only) 1 stand 1 core sealer 1 green/yellow earthing sleeve 1 M25 gland for power cable 8-15 mm (temperature range -55°C / 70°C) in diameter 1 M25 stopping plug 1 polywater sachet 1 cable tie 1 ATEX/IECEx Certified drainplug (for JBS-100-D-E only) 	<ul style="list-style-type: none"> 1 junction box with terminals, earth plate, and stud 1 light module (for -L only) 1 stand 1 core sealer 1 green/yellow earthing sleeve 1 M25 stopping plug 1 polywater sachet 1 cable tie
