

Center Punch Clamps

Preformed Clamping Systems

Designed to meet your specific application requirements.

- Lock with impact from a hammer using a conical punch designed into the tool
- Double wrapped steel bands using 201 Stainless Steel or galvanized carbon steel
- Manufactured with 201 Stainless Steel buckles to provide added locking strength
- Not recommended for use with fittings that may crack as a result of impact or poly fittings
- Install 3/8" (9.52mm) and 5/8" (15.87mm) width Center Punch clamping systems with the following hand tools: S038 and T300. The SM1700 Pneumatic Production Tool installs 5/8" clamps without the typical roll up action
